# HISTORIC GOOD TIMES

# BACK IN A BIG WAY

# WELCOME TO PARAGON

## Building From Generations of Family Entertainment

The centerpiece is the Paragon Arcade which is loaded with both the latest state of the art video games and old-time favorites like pop-a-shot and skee-ball.

Connected to the Arcade is the Paragon Beer Hall that features live music performances each week along with craft beer and other adult beverages.

Food can be purchased at The Window on either the sidewalk along Nantasket Avenue or within the Arcade and Beer Hall. We now feature Joseph's famous pizza using the same recipes that have lasted for generations.

New for 2020 is the Paragon Boardwalk which let's you take the fun of Paragon outside, so you can join the sun and seek refuge from Nantasket's famous high-tides.

The Mini-golf is another family classic for those seeking another outdoor option that allows you to embrace your youthful competitive spirit.

## NANTASKET BEACH

# ATTRACTIONS

The anchor of Paragon Boardwalk is an ever evolving suite of games and attractions from a full redemption arcade, mini-golf, midway games and more outdoor attractions slated for 2020. The games and attractions are on a state-of-the-art card system so that groups and families can enjoy at their own pace.

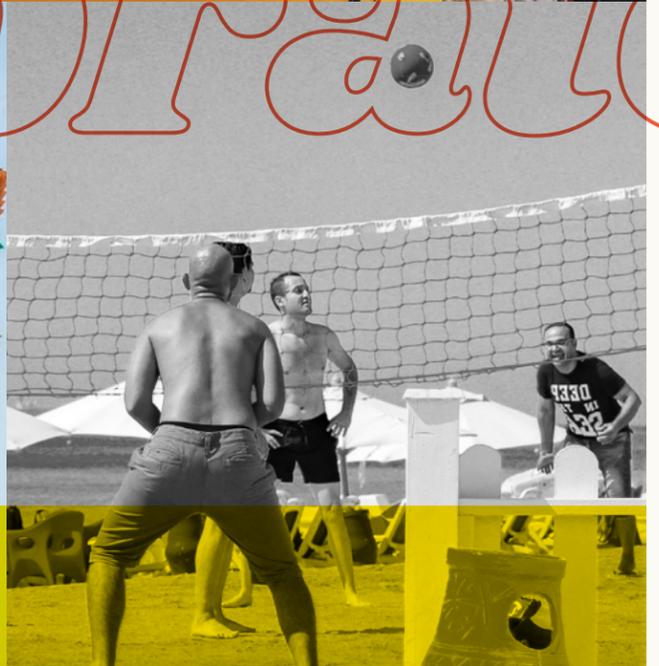

# BOARDWALK FARE

Our F&B philosophy is simple: fresh, creative and simple boardwalk fare served in an informal setting. We will be supplementing our staple food and beverage options with a curated calendar of tap takeovers and rotating food trucks.

# BOARDWALK

**COMING 2020**

**Paragon is expanding with the exciting new Paragon Boardwalk.**

The Boardwalk further reinforces our love of live music, great food and beverage options, and another way to enjoy the beach when the tide rolls in.

It will feature a beach area designed for volleyball, bocce, sand castle contests, and endless summer fun.

Retail pop-ups will give Nantasket Avenue new food options for those looking to stay at the Boardwalk or beach-goers looking to not miss a wave. And, we are lining up an awesome concert schedule for Spring.
